Delvotest[®] ampoules: proven antibiotic testing for farmers

If you're a dairy farmer, how can you safeguard your product against antibiotic residues in a, cost-effective, accurate and user-friendly way while also adhering to legislation? Our Delvotest[®] ampoules are proven to do the job, enabling you to test milk at the individual cow level - and avoid not only fines, but also wasted product and revenue. It really is the test you can rely on.

Delvotest® ampoules: reliable and user-friendly

Think of Delvotest® ampoules as your early warning system for ensuring safe milk.

As the gold standard in the industry, with a 40-year track record, it's the broadest test on the market: proven to detect all major antibiotics at or below MRL in a single test.

It delivers accurate results and couldn't be easier to use. Simply pipette your milk samples into the ampoules and let our testing kit do the rest. And if you do need help, it's always on hand, via our world-class technical support and expertise – wherever in the world you are.

Customers need:

- ✓ **Accurate and reliable** milk testing.
- ✓ **Full alignment** with the milk dairy industry to avoid penalties and milk loss
- ✓ **A user-friendly** testing kit.

What Delvotest® delivers:

- ✓ **Guaranteed safe milk:** antibiotic residue testing is the only way to guarantee quality and safety of milk.
- ✓ **Increased profitability:** Delvotest® prevents fermentation delays, interruptions, fines and milk losses.
- ✓ **Easy to use:** it is simple, it is easy.
