

Levabon®

Levabon® is autolyzed yeast (*Saccharomyces cerevisiae*), produced by a proprietary process for increased prebiotic effect. This enhances rumen activity by increasing beneficial rumen bacteria, stabilizing pH and improving feed digestion, leading to higher animal productivity.

Application:

1. Mix into TMR mixer wagon together with feed
2. Apply in a mineral pre-mix
3. Apply in pelleted concentrates

Dosage:

Dairy cows	10 – 30 g/cow/day
Beef cattle	10 – 15 g/animal/day
Calves	5 – 10 g/animal/day
Goat/Sheep/other Ruminants	≤ 1 g/kg DMI (dry matter intake)

Stability and Storage:

Levabon® should be stored in a cool, dry place, in the original packaging. The minimum shelf life is 24 months from the production date if stored according to the manufacturer's recommendations.

Packing:

20 kg or big bags

EU categorization:

Feed material
