

Unlock the value of your footprint

Sustell™ makes makes precise, environmental footprinting easy and rewarding for everyone across the animal protein value chain, including feed mills, farmers integrators, farm consultants, cooperatives, consumer goods companies, retailers, banks, ecolabels and more.

Calculate your full environmental footprint, make real sustainability improvements and unlock new value stream opportunities with Sustell™, the leading life cycle assessment (LCA) platform for animal protein.

Downstream commitments

- Enabling the downstream value chain to measure & **report scope 3** emissions.
- Exploration of **abatement strategies** with supplying farms.

Consumers and ecolabels

- Integrators & downstream value chain interested in new **consumer value** spaces.
- Science-based **eco-labels** to help consumers make informed choices.

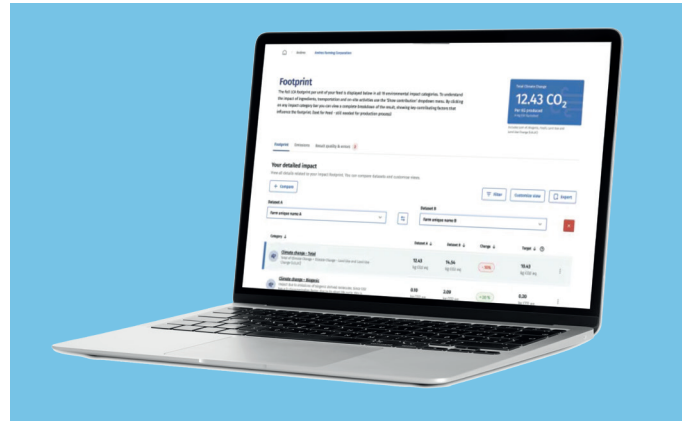

Operational efficiency

- Business diagnostics dashboard highlights farming **best practice & identifies hotspots** where to improve.
- Lower footprints are strongly correlated to **more efficient farming**

Reporting

- Cost-effective and scalable **reporting compliance** e.g. CSR.
- **Credible and transparent** footprint reporting to cope with new regulations, e.g. EU feed labelling.

Green capital and carbon value

- Sustainability-linked financing
- **Carbon monetization opportunities**

Sustell™ offers you credible, accurate environmental reporting

For all farm animals ✓	Footprints from farm to fork* ✓	3 rd party ISO certified for LCA ✓
Compliant with leading methodologies (PEF, LEAP, etc.) ✓	API and fast data upload ✓	Dashboard and intervention analysis ✓
Multiple users**, farms and feeds ✓	Secure AWS cloud-based ✓	Multiple languages ✓

* Tailored partner solutions for SKU level footprinting

** Subscription options available based on number of users
