

# Improving health & wellbeing in pets

A wet brown dog is running on a beach, splashing water. The dog has a white patch on its face and is holding a yellow ball in its mouth. The background is a bright blue sky and ocean. There are large blue circular shapes in the top right and bottom left corners of the image.

Veramaris® Pets: the highest potency  
Omega-3 for pets, containing 60% EPA & DHA

Omega-3 is an essential nutrient that plays a critical role in supporting overall health and wellbeing in pets. DHA is essential for neurological development contributing to optimum brain and visual function. EPA is important for supporting heart health and a healthy immune system. While both EPA and DHA support healthy joints and mobility. That's where Veramaris® Pets comes in.

# Ensuring the world's access to Omega-3s, sustainably!

Veramaris® Pets is a natural marine algal oil and is the world's most potent omega-3 solution with both EPA & DHA. Suitable for cats and dogs at all life stages. It brings 60% EPA & DHA content, offering more than double the potency of equivalent fish-oil alternatives. Veramaris® Pets is a powerful, naturally consistent, and infinitely available source of Omega-3. Produced from marine microalgae, the original source of Omega-3 in nature, our algal oil delivers nutrition, scalability, and supply assurance in a sustainable way.

Veramaris® Pets is a natural and sustainable alternative to traditional sources of Omega-3, and is free from contaminants such as heavy metals, PCBs, and dioxins.

Veramaris® Pets contains the same amount of EPA & DHA as up to 66 tons of wild-caught fish, meaning that pet food producers now have a choice to avoid using wild-caught marine fish for Omega-3.

Veramaris® Pets contains high level of EPA & DHA scientifically proven to support skin and coat health, joint care and mobility, immune system, heart health, digestion and gut health, and brain development and trainability.
